

Canoa Lounge Chair, 2022

Canoa ("canoe" in Portuguese) is a rocking armchair that rocks like the sea and evokes the feeling of being on the water. Its design is curved and sinuous, and its seat has a cozy angle, where the body lies almost lying down, relaxed and drifting. Being completely upholstered, the softness is extreme and guarantees comfort. The height allows the coming and going and the feet, close to the ground, give firmness to the rhythm — like two oars, they give fluidity or pause to rest. There is, also, calmness in the waters. The upholstery is covered by WE—KNIT® fabric — 3D fabric made from recycled PET bottles collected from the oceans.
